

TDI Awards 2024

Another Successful Awards Ceremony!

The TDI Awards bring together industry professionals from around the world to recognize and celebrate the exceptional achievements of our network. The live event was a resounding success, with over 50 participants joining from various countries.

Congratulations to all the winners of this year! A massive thank you to our outstanding panel of judges for their time and expertise in evaluating all the submissions received for this year's awards. We know it must have been a challenge to single out just one winner in each category.

Thank you also to our award co-hosts, Vivian and Peter as well as the event sponsors and TDI members who presented each award category.

The event recording is now available on the TDI website, accessible to all our members and followers. Click the button below and watch it now!

WATCH NOW!

Dr. Joseph Sopko

Director at Keller North America.

Dr. Kym Morton

Water Strategist and Consulting Mining Hydrologist.

Mark Claassen

Sr. Practice Lead, Tunnels @Arcadis.

Peter Brooke

Regional Director Strategic Sales & Marketing Europe & Africa at Fugro.

Timothy D. Lynch

President at Roscoe Moss.

for

Francois Gous

Dewatering Specialist / Technical Engineer
Project Dewatering Limited.

Niel Kriel

Operations Hydrogeologist at Rio Tinto, Perth,
Western Australia.

Sr.

Clément Lerevenu

Deputy Project Manager to Qatar
Hydrogeological Assessment Project
Hydrogeologist @Egis.

Andres Pinto

MSc., Civil Engineer
Regional Technical Lead Ground Engineering
@Stantec.

Robin Lomulder

Senior Hydrological Consultant for Fugro.

Owen Gilbert

Chief Executive Officer at NCS Fluid Handling Systems Inc. and NCS Environmental Solutions Ltd.

The GEM: 3rd Edition

LAST CHANCE to Feature in The GEM: 3rd Edition!

We're hard at work creating the 3rd Edition of [The Groundwater Engineer Magazine](#). The GEM covers unparalleled insights and coverage of the latest trends, technologies, and innovations in the field. This specialized publication reaches a broad and influential audience of industry professionals and decision-makers worldwide.

LAST CHANCE!

THE GEM EDITION #2
THE GROUNDWATER ENGINEER MAGAZINE

YOUR GUIDE TO THE LATEST NEWS AND INSIGHTS INTO THE GLOBAL DEWATERING INDUSTRY

A Monster Job
van Tongeren Watertechniek

Young professionals in dewatering

ADVERTISE IN THE GEM

With exclusive advertising opportunities, this is your chance to promote your brand to a global network, enhancing visibility and driving business growth in this expanding market.

Don't miss out - secure your advertising space in the latest edition today. In order to book your spot and find out more about advertising in The GEM, please get in touch. [Click here for The GEM rate card.](#)

Groundwater Festival

Groundwater Festival: The 75th Anniversary of Van Tongeren Watertechniek

An unforgettable anniversary: 75 years of Van Tongeren Water Technology! Congratulations [Guido van Tongeren](#) and team on your 75th anniversary!

Quoting Guido: *"Innovation we do together, innovation we do as an industry"*

Our team joined the celebrations of the biggest Dewatering's festival in the Netherlands. TDI Advisory Council member [Christoffel Botha](#) joined a variety of influential speakers, presented insights on the future of the global dewatering industry and addressed pressing topics such as innovation and sustainability.

That's exactly what we focus on as TDI, innovation though collaboration and knowledge sharing.

THE 75TH ANNIVERSARY:
VAN TONGEREN
WATERTECHNIEK

Upcoming Training Courses

We continue to bring you informative training courses from TDI members and experts in the dewatering industry. This initiative forms part of our [Knowledge Centre](#), which is focused on creating a global community within the dewatering industry that allows members to bring their specific experiences and knowledge to the table.

The Effectiveness of the MAR Scheme at a Mine along the West Coast of South Africa

Wednesday, 27 November 2024 @ 16:00 GMT+2

The Elandsfontein Phosphate Mine is one of the only mines in South Africa that injects 100% of their dewatered groundwater back into the aquifer system.

TRAINING COURSE

The Effectiveness of the MAR Scheme at a Mine along the West Coast of South Africa

With Aqeela Parker

Wednesday, 27 November 2024

tdi The Dewatering Institute

GROUNDWATER AND EARTH SCIENCES **GEOSS** SOUTH AFRICA (Pty) Ltd

Join [GEOSS](#) Hydrogeologist [Aqeela Parker](#) for this insightful session covering the effectiveness of this MAR scheme and its impact on the aquifer system. [Click here for more information and to register.](#)

2024 TDI Awards Ceremony

Did you miss the 2024 TDI Awards ceremony?

We've made the recording available for you!

Congratulations, once again to all the winners. [Click here to watch the recording.](#)

Design Phase and Construction Phase Dewatering Solutions

Yesterday presenters, [Abhishek Vyas](#) and [Erik Blumhagen](#) from [Malcolm Drilling Company Inc.](#) discussed the Design Phase and Construction Phase Dewatering Solutions. Look out for the recording coming soon.

Tailings processing and creation of PASTE | NAIT Applied Research

This session was presented by Dr. Heather Kaminsky – P.Eng. PhD. NSERC IRCC in Oil Sands Tailings Management, TACEES. Dr. Kaminsky, delves into the complex impact of clays on mining operations.

[Click here to access the recording.](#)

Ahead of the Curve – Turbidity, Treatment & Technology | NCS Fluid System

Last month [Dustin Henderson](#), Vice President Sales and [Mehrzaad Emanuel](#), Sr. Advisor – Water Treatment at [NCS Fluid Handling Systems Inc.](#) delivered an informative training session on Turbidity, Treatment & Technology. [Click here to access the recording.](#)

Managed Aquifer Recharge for Dewatering Projects | Wallbridge Gilbert Aztec

Last month we were joined by Kes Murray, Senior Hydrogeologist at Wallbridge Gilbert Aztec (WGA) for an informative webinar on the fundamentals of Managed Aquifer Recharge for dewatering projects, and the importance of clearly defining the objectives of the scheme. [Click here to access the recording.](#)

Design & Modelling for Groundwater Engineering & Control | OGI

Groundwater Specialists

[Dr Stephen Thomas](#), Managing Director & Founder of [OGI Groundwater Specialists](#) presents an informative webinar on Design & Modelling for Groundwater Engineering & Control.

[Click here to access the recording.](#)

Dewatering with Less Energy Consumption, More Environmentally Friendly Equipment, and Lower Cost of Ownership Pumping Solutions | BBA Pumps

[Michiel Vaags](#) from [BBA Pumps](#), Netherlands presented an informative webinar on dewatering with less energy consumption, more environmentally friendly equipment, and lowest cost of ownership pumping solutions. [Click here to access the recording.](#)

Introduction to Sonic Drilling, Tooling, Sectors and Case Studies | Royal Eijkelkamp

This webinar was presented by [Alberto Villanueva](#), account manager for [Royal Eijkelkamp](#). With a mechanical engineering degree and 11 years of experience in the drilling sector, Alberto has worked for Dando Drilling International and Global Geotech. [Click here to access the recording.](#)

WEBINAR RECORDING

Enhanced Dewatering By Process Water Conditioning | Vietti Slurrytec

Understanding slurry means designing the process to suit the properties of the slurry. [Andrew Vietti](#), director of [Vietti Slurrytec](#) presented an informative webinar covering enhanced dewatering by process water conditioning.

[Click here to access the recording.](#)

The Principles of Efficient Water Well Design | Roscoe Moss Company

An insightful presentation by [Kevin McGillicuddy](#), Vice President / Chief Hydrogeologist, [Roscoe Moss Company](#). The session highlighted the critical components of the well design process and demonstrated how wells can be operated with greater water production and cost efficiency. [Click here to access the recording.](#)

The Importance of Artificial Ground Freezing For Shaft Sinking and Tunneling | Keller

In this recording, [Dr Joseph Sopko](#) of [Keller North America](#) presented an informative webinar on the importance of Artificial Ground Freezing (AGF) for shaft sinking and tunnelling. [Click here to access the recording.](#)

Industry News

Stay up to date with the latest [news](#) in the dewatering industry:

The 12th International Symposium on Managed Aquifer Recharge

We are excited to share that the next ISMAR will be held in Stellenbosch, South Africa from 28 April to 2 May 2025. The main theme “*From Theory to Implementation and Operation*” places the focus on the latest research, implementation of MAR sites and the practicality of operating MAR schemes. [Click here for more information.](#)

The Dewatering Institute is excited to announce that we are now offering all of our members a 20% DISCOUNT on sponsorships for the upcoming 12th International Symposium on Managed Aquifer Recharge.

Contact Riette - riette@dewateringinst.com directly to arrange your sponsorship.

Become a TDI Member

Why become a TDI member?

Embracing TDI membership extends an invitation to join a flourishing and expanding community of industry experts. As a member, you gain access to a wealth

of opportunities, from knowledge-sharing and educational resources to the exchange of best practices and networking with fellow professionals in the dewatering industry.

TDI is driven by the mission to cater to the diverse needs of all its members and collaborators, which encompass a wide spectrum of stakeholders, including project owners, governmental entities, engineers, contractors, manufacturers, and suppliers. To register as a member contact TDI on admin@dewateringinst.com.

The Benefits of Being a TDI Member

TDI's purpose is to expand and promote the dewatering industry by educating as well as sharing best practices. In order to grow and develop the community, we need to grow together. These are 5 benefits of becoming a member:

- 1- Connect with industry professionals and share best practices.
- 2- Get access to our membership database.
- 3- Share your services
- 4- Access to training programs and events.
- 5- Stay up to date with the latest industry developments.

[Click here](#) to read the benefits and more.
